

### A maritime service offering in the first rank

HAROPA PORT offers weekly shipping connections to all markets, for all types of traffics - containers, Ro-Ro, ferry and conventional.

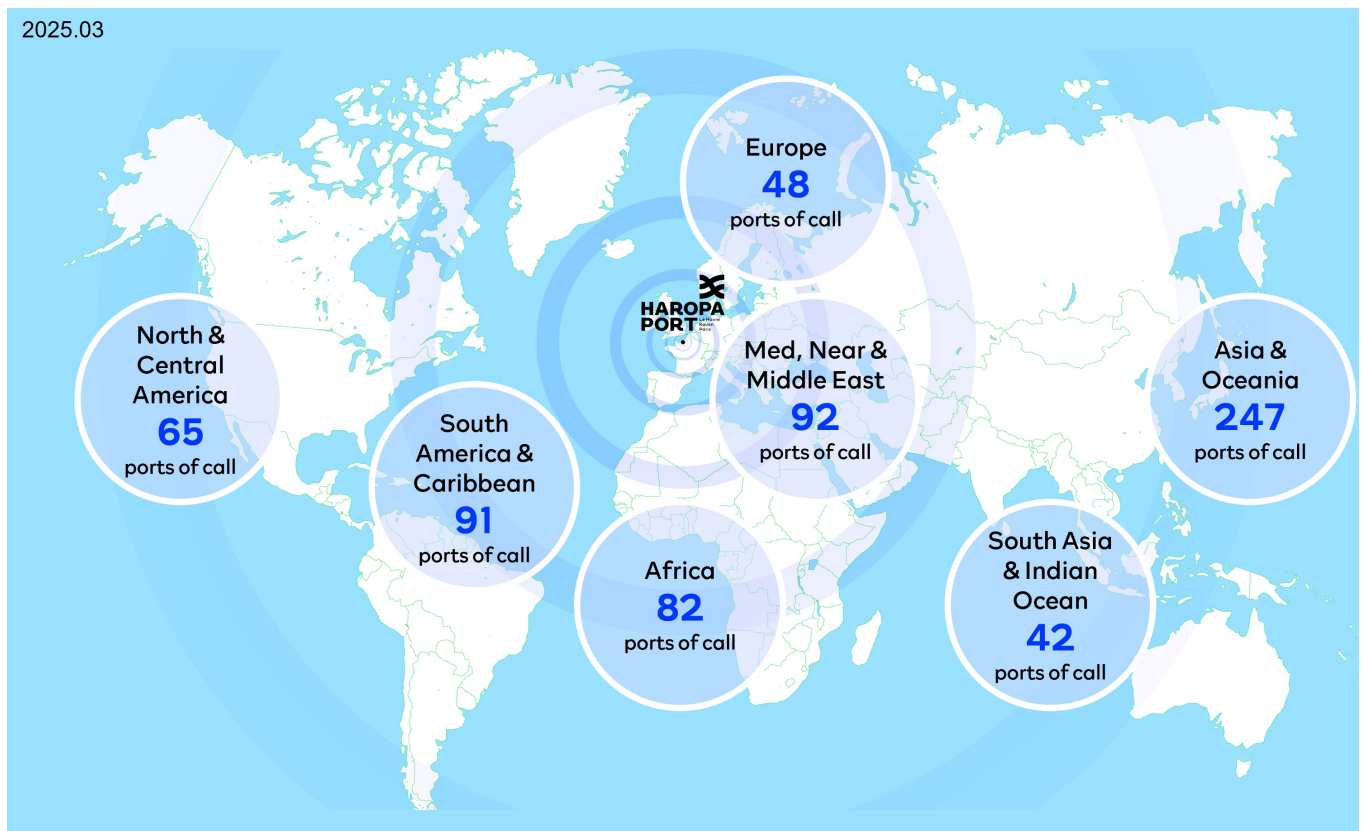

Published on 13/06/2023 - Updated 28/03/2025

### AN EXCEPTIONAL LOCATION AND CONDITIONS FOR SHIPPING

- the maritime gateway to Europe: for most services, it is the first port of call for imports and the last for exports on the Northern European rotation,
- a port free of congestion: for both maritime and hinterland modes,
- **a deep-water port**: with no tide constraints, accessible 24/7/365 for the world's biggest vessels, even fully loaded,
- reception of 24,000 TEU container ships, latest-generation bulk carriers, etc,
- **under 90 minutes**: less than an hour and a half from 'pilot on board' to the start of stevedoring operations.

### AN ATTRACTIVE MARITIME OFFERING

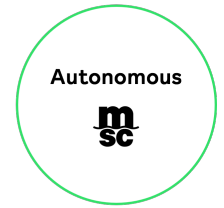

- the presence of shipping alliances and MSC on the East-West trade,
- more than 650 ports reached,
- nearly 45 shipping lines,
- ± 2,800 commercial offers,
