

conference Decarbonizing Shipping Forum

From 25 June to 26 June

Decarbonizing Shipping Forum on June 25-26, 2025, in Hamburg gathers maritime leaders to advance innovation and sustainability in shipping. HAROPA PORT will be taking part in the event.

Published on 3/04/2025

Tommaso Spanevello, Head of European Affairs, will participate in **“Navigating Regulations : aligning strategy with the future of shipping”** round table on Wednesday 25 to share a port authority’s point of view on regulatory issues and current innovations.

Ports are at a decisive turning point in the face of new European regulations. The Clean Industry Pact and the future European Ports Strategy are driving ecological and digital transition. From the electrification of quays to alternative fuels and the development of digital solutions... HAROPA PORT is already well engaged in this area

On **Thursday 26**, Tommaso will also join a **speakers corner** to present the **MAGPIE** research and innovation project.
