

Évry Port: HAROPA PORT calls for declarations of interest in a 4-hectare plot of land available in 2029

Located just 30 minutes from Paris and complete with high-quality multimodal transport connections, Évry port is clearly an essential multimodal platform in the south of the Paris area.

The objectives of the call for declarations of interest: to evaluate the level of interest in the 4-hectare plot and to adapt the development programme to match customer needs. In a second phase, HAROPA PORT will be issuing a call for project proposals with a view to select a candidate for the signing of a Temporary Occupancy Agreement.

A plot ideally located at Évry Port

The **4-hectare plot** is located downstream from the port in proximity to numerous logistics sites in the Melun Sénart zone and the Rungis national wholesale market.

On-site river and rail facilities

- a river container terminal connecting Le Havre and Rouen via the Seine,
- an existing rail connection with potential for development,
- a shared-use dock 4,152 sq. m. in area with 18 tonne/sq. m. hardstand,
- a 73m-long ro-ro ramp.

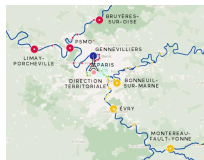

Effective multimodal connections

- **road:** direct access via the N104 main road, then A6, A5 and N7 highways,
- **rail:** a branch line connects to the Paris – Southern France line,
- **river:** possible service by self-propelled barge or barge convoys from 250 to 3,600 tonnes,
- **air:** proximity to Orly (12 km) and CDG (30 min) airports.

Focus on the Évry port container terminal

- ▶ A container terminal 6,000 sq. m. in area
- ▶ Operated by [Terminaux de Seine \(a subsidiary of Paris Terminal\)](#)
- ▶ Draught water/air: 2.8m / 5.9m
- ▶ Quay span: 80 metres
- ▶ Annual throughput capacity: 10,000 TEU
- ▶ AEO status ongoing, customs-bonded storage

Call for declarations of interest: projected timetable

- Date of issuance: July 2024
- Deadline for submission of responses: mid-December 2024
- Estimated date of issuance of call for project proposals: S1 2025
