

HAROPA PORT launches 2 consultations aimed at project owners, for the development of logistics and industrial activities near its Saint-Wandrille and Radicatel maritime terminals

2 land areas available on the Seine axis, between the port of Le Havre and the port of Rouen

► **Saint-Wandrille: call for projects for 11 ha for an industrial and logistics project**

11 ha logistics site in 2 non-contiguous sections located along the waterway
5 ha upstream of the terminal / 6 ha downstream of the terminal

Trimodal logistics site
Maritime (theoretical draft 9.50-10 m) / River / Road

Land located both on the Saint-Wandrille terminal and in the immediate upstream vicinity

Targeted activities in the industrial, agro-industrial, construction and logistics sectors

► ► [Access the consultation file](#)

► **Radicatel: sourcing notice for a 36 ha land area to develop the multimodal platform site**

A 36-hectare divisible land area, including the Radicatel terminal and its extension project, as well as lands in the immediate vicinity upstream and downstream.

Quadrimodal site
Maritime (theoretical draft 10.70 m) / River / Rail / Road

Targeted players in the short/deep sea container logistics, industrial bulk, heavy lift, circular economy and/or energy transition sectors

The expected development of multi-purpose activity can be supported by a terminal extension project aimed at improving the terminal's reception capacity, increasing its handling facilities and enlarging its storage areas
